

Crazy Chemistry

Use your hands as a real Mad Scientist in this whirlwind class on how a lab works! Students will learn to recognize chemical reactions and mix up a few reactive ingredients for some sensational results. We will explore the pH extremes with our Reaction Tubes in what is sure-to-be a popping experience! Create slime using the Mad Science recipe, and then enter the Slime Olympics to test your polymers. Probe the properties of light and explore some unusual applications of glow-in-the-dark technology! We will melt metal in boiling water and freeze water with just a breath of dry ice!

St. Theresa Elementary School

8— week Mad Science session

Mondays

Feb. 8th - April 12th, 2010

Grades 1-5

\$99 per child

Enrollment limited to 20 children. Minimum enrollment of 12 children required for class to be held. Mad Science reserves the right to change topics as needed.

St. Theresa Elementary School

February 8th - April 12th, 2010

No class on 2/15 & 4/05
