

HEALTH REQUIREMENTS FOR ALL NEW STUDENTS 2020-2021

Dear Families,

I have attached the health requirements and forms for school entry. The requirements of the Calif. Dept. of Public Health and the Diocese of Oakland School Dept. remain in effect.

- Please use the guide to immunization requirements for school entry from Calif. Dept. of Public Health to make sure immunizations are current. **Immunization records must be current to enter the classroom on the first day of school.**
- The TB risk assessment must be completed and signed by the child's physician for all new students. If more than one risk factor, the physician will determine if the TB skin test is indicated, or if a note determining "no risk" will suffice. The 2nd piece of documentation is required, in addition to the risk assessment that all must submit.
- We are aware that physicals are generally scheduled around the time of a child's birthday and that insurance only covers one per year. If your child's most recent physical does not meet the specified timeframe, and is not scheduled until after the start of school, please submit a copy of the most recent physical and the date for the scheduled new physical.
- Verification of a dental visit is required. You can use the form provided or a statement/invoice that includes the name of your child and the name and address of the dentist.
- If your child will need medication/Epipen/inhaler kept in the school office, please have your physician complete the Care Plan or submit a physician's care plan that includes the same information.
- If you wish your child to carry medication with them to self medicate for a life threatening condition, such as an epipen or inhaler, please also submit the permission to carry medication.

We realize that some doctor's may just be starting to schedule appointments, so I have extended the due date to WEDNESDAY, AUGUST 5. Of course, I will be happy to accept earlier. You are welcome to mail the records or email to me and bring a hard copy on the first day of school.

Thanks so much and please contact me with any questions.
